YEARS IN **EVERYDAY LIFE**

60⁺

YEARS OF **DEMOCRATIC DESIGN**

You know us.
We know **you**.

Maybe we met in a tea garden, maybe on a ferry, maybe on a beach. We witnessed the weddings of some of you or perhaps your summer conversations. Life was always a rush, for better or for worse.

So what do you really need in the course of your life? Every answer we have given to this question for half a century has also been the birth story of a new **Tilia** product.

With this question, we have been updated, renewed, and put forward permanent designs that resist time. **We have always been by your side** by producing quality, accessible, unique, and grasping furniture compatible with your needs and the *contemporary design language*.

There are many values that we have embraced during our journey. We have adopted the principle of reflecting the importance we attach to nature, people, and being good in all areas of our business.

As **Tilia**, we are here to build permanent products by understanding your needs correctly.

DEMOCRATIC DESIGN

Contrary to the idea that every furniture with design is expensive; *We believe that everyone has the right to produce products with the right design and quality materials.*

With this awareness, we aim to be accessible to everyone, to see our world-class products more in living spaces, and **to make our designs a solution to the needs of everyone's life.**

60 years

1963

Founded by **Sadettin Savaş** in a small workshop, Savaş Plastik began its journey producing **shirt buttons** — built on craftsmanship and quality.

1980

In the 1980s, the company **joined local trade fairs**, evolving from a small workshop into a recognized industrial producer in Türkiye.

1990

The **first export** in 1990 opened doors to **global markets**, marking the start of Tilia's international journey.

1999

Expansion into **garden and contract furniture** began in 1999, increasing global visibility and product diversity.

2003

Production moved to a **16,000 m2 modern facility in Beylikdüzü**, boosting capacity and technology.

2000

The **first contract design projects** marked the integration of design thinking into production — shaping Tilia's design-driven identity.

2017

Tilia adopted a **design-led strategy** — **creating trends** through creativity, ergonomics, and modern aesthetics.

2020

By 2020, Tilia earned global acclaim with **IF, Plus X, and German Design Gold Awards**, proving its design excellence.

2021

Now present in **75+ countries**, Tilia received **Design Türkiye, Superior Design, and multiple Good Design Awards**.

2023

Celebrating 60 years, Tilia won **German Design Awards**, uniting strong heritage with forward vision.

2024

Honored with **İKMİB's 4th Place in Plastic Product Export**, reflecting strong global performance.

2025

In 2025, Tilia won **Red Dot and German Design Awards**, reaffirming Turkish design's global excellence.

With its design, materials and affordable prices, we undertake works above the standards **to increase your quality of life** in every Tilia product that enters your life. Tilia aims to see its products more in living spaces and to make the designs a solution to the needs of every one's life.

We distribute happiness in **more than 70 countries** by combining our production power with our distribution network.

eco-friendly approach

Tilia places **sustainability** at the core of its design philosophy. Through **eco-conscious production** and the use of *recyclable materials*, it minimizes its environmental impact. Each piece reflects not only aesthetic value but also a sense of responsibility.

modern and durable furniture

Tilia combines modern design with lasting durability. By merging **refined lines** with robust forms, it creates furniture built to endure. Each piece stands the test of time, bringing confidence and **timeless elegance to every space**.

democratic design

Sixty years ago, we envisioned producing quality, accessible products that are well-designed and unique—truly understanding our **customers' needs**. Tilia's greatest motivation on this journey is to respond to real-life demands while embodying our commitment *to nature, people, and excellence in every area*.

Today, Tilia places the principle of **"democratic design"** at its core. With this, we aim to make thoughtfully crafted, contemporary designs accessible to every design lover, using materials that are *sustainable for our world*.

timeless designs inspired by nature

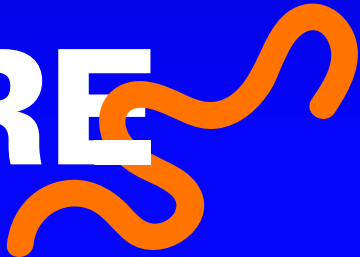

My designs for **Tilia** are shaped by nature's balance and simplicity, blending functionality **with timeless aesthetics**. Each piece reflects the harmony of refined craftsmanship, material honesty, and a deep respect for the *user—qualities* that bring international recognition to this collection.

Ask about one of our indispensable values;
we say: **design**.
In our opinion, a design product should appeal not only to the
eye but also to life; it should fit your lifestyle as well as your style.

We, as Tilia, create our designs based on actual needs and
lasting solutions for life. Through collaborations with our design
team and design offices, we design products that fit into the
flow of life and can be used for years.

SUSTAINABLE FUTURE

With its curved form and *minimal lines*, Laser meets the VP base, which is produced through the **upcycling of brass shells** developed with an environmentally friendly approach.

This combination contributes to the preservation of *natural resources* and offers a new, **sustainable product alternative**.

SUSTAINABLE FUTURE

Produced from a special **polypropylene material derived from apricot kernels**, Laser-T brings the elegance of nature together with modern design. The *unique texture and organic patterns of the apricot kernel* material blend harmoniously with Laser's curved and graceful form, creating an aesthetic and **eco-friendly unity**.

Developed through an upcycling approach, Laser-T combines sustainability with refined design, standing out with its **durability and timeless elegance**.
